Community Challenge:
Let's make Yolo County the first trauma-informed, resilience-building county in California!

Learning Objectives:

1. Participants will learn to take effective steps to ensure the enforcement of traumatized children's rights under the Americans With Disabilities Act in regard to children's participation in legal proceedings.
2. Participants will learn to identify types of trauma which cause toxic stress & identify behaviors that result from trauma.
3. Participants will learn about adverse childhood experiences (ACEs), their short & long-term consequences on physical health, mental health, social health, & how they can be passed from generation to generation.
4. Participants will learn to explain how resilience research is beginning to provide pathways to preventing & reducing effects of adverse childhood experiences.
5. Participants will learn to explain how the trauma of adverse childhood experiences result in toxic stress that damages children's developing brains, & how this affects their behavior.
6. Participants will learn about how schools integrate trauma-informed practices, including changing teacher behavior, classroom management & school systems.
7. Participants will learn how trauma-informed practices are used for family reunification in Yolo County.
8. Participants will learn how the Yolo County Foster & Kinship Care program implements Trauma-Informed practices.
9. Participants will learn how Trauma-Informed practices reduce recidivism of troubled youth.

If you don't want CEU's, **the conference is FREE!** Show up without registering, anonymously if you choose.
