

# Ira J. Chasnoff, M.D.

## *The Mystery of Risk:*

## *Drugs, Alcohol, Pregnancy & The Vulnerable Child*

The Queen of the Valley and the Perinatal Substance Abuse Committee bring you the special opportunity to participate in a FREE conference with Dr. Ira J. Chasnoff. Join in this full-day conference learning about how substance use during pregnancy can affect both the mother and child.

Upon completing this program, the participants will be able to:

- Count participation for 6 CEs or 6 CMEs
- Discuss the epidemiology of substance use in pregnancy
- Describe the psychosocial issues and treatment implications for pregnant women using substances
- Describe the maternal consequences of prenatal substance use, impact on pregnancy outcomes, and recommended intervention strategies.
- Increase understanding and knowledge of the impact of prenatal substance use on neonate development,
- Describe Fetal Alcohol Spectrum Disorder (FASD), history, long-term growth patterns, CNS effects, and issues of diagnosis and misdiagnosis
- Discuss long-term impact of prenatal alcohol and drug exposure on the growing child
