This workshop is a comprehensive approach to understanding the dynamics that cause and maintain poverty from the individual to the systematic level.

Bridges Out of Poverty uses the lens of economic class and provides concrete tools and strategies for a community to prevent, reduce, and alleviate poverty.

During this one day workshop participants will:

- Review poverty research
- Examine a theory of change
- Analyze poverty through the prism of the hidden rules of class, resources, family structure, and language.

Throughout the workshop, participants will receive specific strategies for improving outcomes for people living in poverty, but the focus of the workshop is to provide a broad overview of concepts.

Who should attend?

- County Health and Human Services
- Law Enforcement
- VA Mather Medical Staff
